'Lemon Zest' Leads To 'Orange Zest'

April 6, 2010

'Lemon Zest' petunia has a new companion at Home Depot this year in 'Orange Zest.'

"'Lemon Zest' looks so good in the landscape that it will pop out from a distance," says Lisa Heredia, program coordinator for Viva! "Add in 'Orange Zest' and you have the dynamic duo of petunias. These bold citrusy hues are hard to miss."

'Orange Zest' petunia

Both 'Orange Zest' and 'Lemon Zest' look great in a patio pot, a hanging basket or in the garden. A mounded plant growth habit assures that the bright flowers of 'Lemon Zest' and 'Orange Zest' will form balls of color up to 12 inches high and 18 inches wide.

These two great petunias are from the Potunia breeding line from Dümmer. They were specifically chosen for the premium Viva! brand at Home Depot and will be available in all stores nationally this spring.
